Istanbul Hardware Fair

Leading Industrial Event where Europe and Asia meet

Regarding strategic location and commercial vision, Turkey is a crucial meeting point along with the advantage of enabling to bring producers and purchasers together easily at the center of Asia, Europe and Mideast. As of the year 2016, with over 77 million population, together with being a market promising for the future by itself, Turkey suggests an opportunity reaching a very great market considering neighboring countries. We, as Voli Fair, are working in full swing in order to hold the most robust and effective second edition of Istanbul Hardware Fair. We offer a unique business platform to exhibitors and visitors to share new technology and information based on our previous successful organizations for long years along with our effective press, media and marketing activities via our international publication and communication network.

In order to be able to get effective results at our fair; we constitute a correct and sound communication configuration by matching target country & target sector by our specialized team in visitor activities. Istanbul Hardware Fair features the only specific fair of the sector in Turkey. Hosting the real commercial venue is awaited by the sector; the fair offers a unique and very special opportunity on behalf of both boosting business volume and being suggested new projects. We have launched our works to realize more participation in a bigger space at Halls 9 and 10 at Istanbul Expo Center on 15 – 18 March 2018 along with Turkey's brand new commercial platform at the second edition of Istanbul Hardware Fair. We kindly invite you to take your place.

Why should you join the fair?

Istanbul Hardware Fair Opportunities

- Possibility to open to markets abroad for small and medium sized establishments.
- Opportunity to meet with the sector professionals and purchasing officials coming from various countries.
- The most important sales and promotion opportunity to meet with new customers of the hardware sector professionals.
